

## FACTS AND FIGURES OF THE YARD

Our dry dock facilities enable us to accommodate vessels up to 240 metres in length and 36 metres breadth. Scheldepoort has 3 excellently equipped dry docks at its disposal, including a state of the art covered graving dock with a length of 215 metres, an air draft of 51 metres and an overhead crane capacity of 300 tons. Loaded vessels can be accommodated in our docks.

Scheldepoort is almost unique in being permitted to dock tankers in a non-gas free or inerted condition. We have a total of 850 metres of quay available with a maximum water depth of 11 metres.

### QUAYS AND CRANES

Quays and cranes	Length	Crane capacity
Quay A/B	440 m	1x 15 tons 1x 32 tons 1x 55 tons
